We are Dorcas

Dorcas is a Christian organisation that provides humanitarian assistance and facilitates development cooperation. We invest in sustainable change in the lives of people who are marginalised. In the event of poverty, exclusion or a crisis, we create opportunities for them to flourish.

Dorcas has expertise in seven key programmatic themes: Crisis Response, Protection, Community Development, Climate Adaptation, Water, Livelihoods and Food Security and Economic Development. All themes are viewed through a lens of inclusion and vulnerability, with community-based programming established as the core approach across all our work.
