

We are Dorcas Ukraine

Dorcas has worked in Ukraine since 1998. We support communities affected by conflict, displacement and economic strain. We focus on Crisis Response, Economic Development, Protection, and Community Development.

Expertise

Our programmes combine humanitarian assistance with long-term recovery approaches. We apply community-led methodologies, strengthen local safety nets, and support inclusive economic participation.

Strategic approach

We work with grassroots organisations, churches and local authorities to build sustainable local capacity. We support communities transition from crisis to recovery and build a foundation for lasting transformation.

**"Restoring life
begins with restoring
dignity."**

Our track record 2020–2025

Impact

Dorcas Ukraine has reached:

120,647
Crisis
Reponse

1,072
Economic
Development

22,486
Protection

23,266
Community
Development

Results per theme

Crisis Response

In the Zaporizhzhia region, homes are frequently damaged by missile and drone attacks. Dorcas Ukraine repairs doors, windows and roofs, ensuring families can remain safe, warm and protected.

Economic Development

We provide grants for people to learn new skills aligned with local labour market needs, enabling them to secure income and rebuild livelihoods.

Protection

Older persons face isolation and hardship. Dorcas Ukraine provides weekly home visits, pastoral care and practical support to ensure their well-being and dignity.

Community Development

We partner with local church organisations to support families in vulnerable situations and develop income-generating activities that sustain community initiatives in the long term.

Financial capacity and reliability

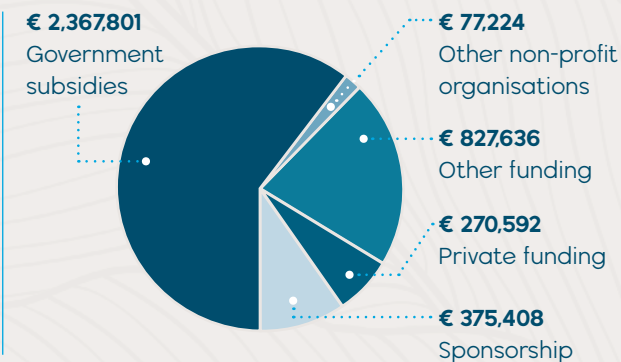

Current scale (2026)

Annual income: € 3,918,661

Largest project managed: € 4,255,465 (4,980,000 USD)

Donors

We work with a diverse group of donors to ensure financial stability and long-term impact.

Partners

We implement our projects together with other NGOs, government bodies, businesses and churches.

"The Executive Committee of Vilniansk City Council sincerely thanks you for your care and support of the community in preparing for the winter season. Many families will now have warmth and comfort in their homes, which is especially important in these difficult times."

Natalia Musienko
Head of the Vilniansk
City Council

Looking ahead (2026–2030)

Dorcas Ukraine has three goals:

- Communities will lead their own recovery and build long-term resilience.
- People in vulnerable situations — including older persons, displaced families and marginalised children — will thrive with dignity and social inclusion.
- Local systems and community safety nets will be strengthened to provide sustainable support beyond the humanitarian phase.

Join our vision for Ukraine

Ukraine's future depends on resilient communities that can recover, rebuild and thrive despite ongoing challenges. At Dorcas Ukraine, we are committed to strengthening local capacities, restoring dignity, and creating sustainable opportunities. We warmly invite you to explore partnership with us. Together, we can realise our vision for Ukraine.

Ferenc Katko

Country Director, Dorcas Ukraine
